

Mayfield, Utah, April 3, 1951.

Hon. Joseph R. Tracy,  
State Engineer,  
The Capitol,  
Salt Lake City, Utah.

Dear Sir:

Re: Sevier River Distribution  
Twelve Mile Creek

Under even date the MAYFIELD IRRIGATION COMPANY of Mayfield, Utah, has joined with the Gunnison Irrigation Company, Reincorporated, in a request that you appoint Mr. W. C. Cole a commissioner to distribute the waters of Twelve Mile Creek, on a per diem basis, to be paid by the users of the water.

*Major General*  
The Mayfield Irrigation Company is advised that Mr. Ferd Rosenlund of Gunnison, Utah, who is a stockholder in this company, claims a water right for his farm out of Twelve Mile Creek in addition to the water to which he is entitled by reason of his stock in this company. Such claim by Mr. Rosenlund is denied by the Gunnison Irrigation Company, Reincorporated. Mayfield Irrigation Company is also informed that the Rosenlund claim is not to be found in the Cox Decree.

The Mayfield Irrigation Company, while it has joined with the Gunnison Irrigation Company, Reincorporated, in the request for the appointment of a commissioner, wishes it to be distinctly understood that said company disclaims all interest in the claim which Mr. Rosenlund makes to the waters of Twelve Mile Creek. This company will permit him to use the water to which he is entitled by reason of his stock ownership where he pleases; but it does not wish to become involved in any controversy between him and the Gunnison Irrigation Company, Reincorporated, over the additional right which he claims. Furthermore, this company wants it understood that should Mr. Cole take any action whatever with respect to the right which Mr. Rosenlund claims, he does so not as a representative of this company in any respect.

Yours very truly,

MAYFIELD IRRIGATION COMPANY,

By W. A. Brown, President.
